Linda C. Ehrlich

The Films of Kore-eda Hirokazu

An Elemental Cinema

Series: East Asian Popular Culture

- A unique examination of the films of award-winning Japanese director Kore-eda Hirokazu through the lens of a traditional Japanese appreciation of Nature, and through the themes of liminality, trauma and recovery, and new configurations of family
- A presentation of Kore-eda Hirokazu's oeuvre as a connected whole with overarching thematic concerns, despite his frequent generic experimentation
- A comprehensive analysis of Kore-eda Hirokazu's first 13 feature films and four of his documentaries

The Films of KORE-EDA Hirokazu: An Elemental Cinema draws readers into the world of award-winning Japanese film director KORE-EDA Hirokazu. With his recent top prize at the Cannes Film Festival for *Shoplifters*, Kore-eda is arguably Japan's greatest living director with an international viewership. He approaches difficult subjects (child abandonment, suicide, marginality) with a realistic and compassionate eye. The lyrical tone of the writing of Japanese film scholar Dr. Linda C. Ehrlich perfectly complements the understated, yet powerful, tone of the films.

From *An Elemental Cinema*, readers will gain a special understanding of Kore-eda's films through a novel connection to the natural elements as reflected in Japanese traditional aesthetics.
