Frank Walski  
Shipping Manager, MRC 171  
Smithsonian Institution  
National Museum of Natural History  
10<sup>th</sup> & Constitution Ave., N.W.  
Washington, DC 20560

Dear Ms. Butler and Mr. Walski:

In light of your recent inquiry, this will confirm that properly preserved museum specimens of animals may be sent via FedEx and will not be deemed animal carcasses, which are forbidden. All other terms and conditions must be complied with, and we recommend that the packaging be approved by our packaging lab.

I hope this resolves your concerns.

Sincerely,

**FEDERAL EXPRESS CORPORATION**
