

The promise of whole-brain connectomics

WTI INSPIRING SPEAKER SERIES

FEBRUARY 27, 2025 | 4:00 - 5:15 PM

100 COLLEGE ST | FL 11 WORKSHOP, RM 1116

R. Clay Reid

Senior Investigator, Connectomics Department
Allen Institute

Reid is a systems neuroscientist interested in structure/function relations in the mammalian brain, using microscale/synaptic connectomics of local circuits and whole-brain axonal mapping.

WU TSAI INSTITUTE
YALE UNIVERSITY
